

Tax Day Chalk Talk

Do you know where your income tax dollars go? In 2013, for every income tax dollar generated, 27¢ went to military programs. The United States spends more on military than the next top ten global spenders combined. Meanwhile, folks in the US believe that not enough is being spent on Education (2¢), Veterans Affairs (5.1¢), or the Environment (1.9¢).

If you agree with us that less money needs to be spent and more on our needs here at home, then you should join us for Chalk Talk!

Monday, April 14 at 4:30 pm
Outside of Vintage Vinyl in the Loop

Can't get out to join us? Chalk your priorities in your own neighborhood!
